

WEDDING PHOTOGRAPHY AT MANDEVILLE HALL

We are pleased to offer you the opportunity to take wedding photographs in the exquisite interiors and beautiful grounds surrounding the mansion Mandeville Hall. The interiors of the mansion are of national significance, which sets Mandeville Hall apart from many other mansions in Melbourne. The majestic staircase, silk lined and timber panel walls, marble floors and stenciled ceilings featuring gold leaf, provide a spectacular backdrop for wedding photography.

Below is a form (Wedding Photography Booking – Mandeville Hall mansion, Loreto Toorak) which needs to be returned to the Principal's Personal Assistant within thirty days of confirming your booking. This form outlines the date and time of your wedding photography, the names and addresses of the bride and groom and the name of the photographer.

General

Loreto Mandeville Hall Toorak is a school with an historic property of National Significance and every effort must be made to ensure that the unique heritage features of the property are respected and preserved – hence the following restrictions apply.

Care must be taken to ensure that wall surfaces and fabrics are not touched.

Wedding photography associated with a ceremony in the Chapel of Christ the King

If a wedding is to take place in the Chapel of Christ the King, all wedding photography will only be permitted at the conclusion of the ceremony and not before. Wedding photography outside the mansion is included in the fee associated with the wedding ceremony.

Please note that wedding photography is not permitted in the Chapel of Christ the King without the wedding ceremony being performed in the Chapel.

Property Viewing

It is recommended that you have your photographer visit *Mandeville Hall* prior to the event. Viewing of the mansion is by appointment only.

If it is necessary to open the property on the weekend or outside of school hours (school hours are 8.30am – 4.30pm Monday to Friday during term time), the standard hourly fee of \$100.00 will apply.

Timing

Because of the necessity to give priority to the School Calendar, firm bookings will be made no more than twelve months in advance. If a date further ahead is requested, bookings may be penciled in, but will not be confirmed until twelve months before the requested date.

Availability of the mansion

The mansion is not available for photography during January. It is possible that school holiday building/maintenance programs may affect December bookings.

Times

Times for wedding photography are to be arranged with the Principal's Personal Assistant, bearing in mind that school commitments are always given precedence in the booking of the mansion.

Party Arrival Time

Out of courtesy to the staff and with respect to the timetable of the School and, where applicable, to any later wedding photography or other event, it is expected that photography will begin on time.

Smoking, Alcohol and Food

Smoking and the consumption of alcohol and food are prohibited in the mansion and grounds.

Toilets

Access to toilets is available.

Wheelchair Access

If required, please discuss with the Principal's Personal Assistant.

Parking

Some parking is available in the parking bays along the main driveway and in the area to the right of the driveway, just before the boom gate (weekends only).

Only the bridal party will be permitted to proceed past the boom gate and park in front of the mansion.

Supervision

Where considered appropriate, Loreto Toorak will have a supervisor with the bridal party at all times. If multiple photographers are being used, it may be necessary to engage more than one supervisor. The supervisor's roles are:

- To ensure that the agreed rules are followed;
- To grant permission for changes in the plan during the event;
- To be on hand to answer any questions;
- To ensure the safety and the integrity of the property.

The supervisor has the right to halt all photography at any time, if it is deemed to render the property at risk, and order vacation of the site.

Movement of Furniture

Property contents are not to be moved by anyone without prior consent of the supervisor. The movement of large piece of furniture is not permitted.

Prohibitions

Nails, tacks and drawing pins must not be used. The use of sellotape, masking tape or electrical / gaffer tape is strictly forbidden. The taping of wires is forbidden, particularly on all floors, carpets, windows, window frames, paint surfaces, plaster and polished surfaces and interior fittings and furniture.

Placement of Equipment

The supervisor will ensure that no object, surface or plant material is threatened by proximity to equipment (particularly lighting units and cables). Photography equipment may not be placed directly on the marble floor. Floors and / or carpets may be required to be covered with appropriate dust sheets to prevent damage by cameras and lighting stands.

Photography / Lighting

The main threat to interior objects, textiles and wall coverings is UV light and heat generated by high wattage lamps. The main threat to exterior plant materials is heat generated by high wattage lamps. No photographer or cameraman should find it necessary to use more than the levels of artificial illumination set out below for interior photography. To avoid accidental damage, no lighting equipment, e.g. lamp stands, tripod screens, should be placed nearer than 2m from any object.

Tungsten and halogen lamps: Illumination not to exceed 1000 lux for any object in the field of artificial light. Illuminance for minimum time, that is, only during filming and setting up the lights.

Lamps: Illuminance not to exceed 2500 lux for any object in the field of lighting. Illuminance for minimum time. Lights to be turned off when not filming or setting up.

Damage

Please note that you will be held responsible for any damage caused to School property in association with this event.
